Essentially if they choose to m</p> <p>ake all of your fights in Dallas next month three minute rounds they can do so without any explanation whatsoever other than they are boxing people and d</p> <p>oing it in the name of "safety". I can explain much better in a conversation or even an email if your interested. They may not screw with you because you</p> <p>r the UFC but they absolutely can if they want to. I haven't heard back for you last few texts so I am sending to your iphone also just in case. Thank y</p>
